## APPRENTICE NEWS

Due to an injury, Devon Duval was not able to represent the JATC at this year's Electrical Contest held in Portland, Oregon. With about a weeks notice, Ken Sheppard stepped up and was able to fill in for Devon. Ken did an excellent job representing the JATC with such a short notice and I want to thank him for taking on this great task, and doing an excellent job representing our JATC.

Placing first in the competition was Jeremiah Nieman from Modesto California, 2nd place went to Ryan Hansen from Coos Bay, Oregon, and 3rd place went to Stefan Davis from Fresno California. Twenty three graduates participated in this year's event representing the States of Alaska, California, Idaho, Nevada, Colorado, Utah, and Washington. Another year of showcasing the great talent that comes out of the IBEW/NECA apprenticeship programs. Next year's competition will be held in San Jose, California.

With the winter months and inclement weather upon us, classes could be canceled. If the weather does turn for the worse, please listen to the

Ricardo Garces working on the Fire Alarm System at the Fort Lewis Barracks project.

news to see if we will either be closed for the day or have a late start. We will be on the same schedule as the Tacoma School District. You can also call the office and listen to the recorder under School Information (#5) regarding the status of your class for the day. If classes are canceled, they will be rescheduled.

Make sure and keep your trainee card current. Bring all paper work into the JATC office for notarization and signature. If you let your card lapse,

you will not get credit for all hours worked and subject to a hefty fine by the State.

### Happy Holidays from the JATC

# TD NEWS

First off, I would like the thank Mike Grunwald for the great job he has done serving on the JATC. I want to wish him the best in his endeavor as IO Rep for the State of Washington, thanks Mike!!!!

Would like to inform everyone that we are in the process of taking

over the space that we lease to the Pierce County Auditors next door. This will happen late next year and would double our square footage for classroom and training. Once the Auditors move out, we will remodel to our needs. We then plan on leasing the space that we now occupy for approximately 3—5 years, after that time we will reevaluate our needs for expansion.

We are all looking forward for the increase in classroom space and labs which will greatly improve the quality of our training program.

**HAPPY HOLIDAYS FROM THE JATC STAFF !!!!**
